AZ Contracted Services

Revised 05/01/2018 Reviewed 05/01/2018

Policy Purpose

To establish a procedure for contracted services while in the building.

Definitions

Contractor/Contracted Services

Entities that provide services to the community either scheduled or as needed.

Contracted Personnel

Personnel employed by Contracted Services.

Guidelines

The Community will make efforts to promote the safety and security of our residents. All contracted personnel providing services at the Community will be supervised by Community staff.

1. All Contractors will check in with the receptionist and sign in the Visitor Log book.
2. The appropriate department head will meet the Contractor, escort them to the work site and help ensure they understand the scope of the requested work.
3. If the work requires access to an occupied resident apartment, a Merrill Gardens team member will escort them to the resident apartment and make contact with the resident.
4. The team member will explain to the resident what work that needs to be done, and ask the resident if they would like to remain in their apartment (if it appears safe to do so).
5. If the resident elects to remain in their apartment, then a team member will be required to remain present for the duration of the contracted work.
6. Upon the completion of the work, the Contractor will be escorted to the lobby where they will be asked to sign out.
7. The team member will make efforts to help ensure any work orders or documentation is retained and appropriately dispersed.

AZ Disaster Plan Review

Off Campus Evacuation

In the event of the need to evacuate residents to another building, team members will use the following procedures:

1. Using the resident roster located in the Crisis Manual, account for all residents and make sure they are in a safe place.
2. Phone the General Manager and Resident Care Director if they are not already on the property. General Manager will phone local Merrill Gardens Communities for additional van transportation assistance.
3. In the event of immediate evacuation from building, assist residents to a safe location the parking lot and/or an outside area as designed by the General Manager or Designee- to await transport to local Merrill Gardens Communities.
4. If residents are safe to wait in building, assist in groups to van for transportation to: The designated community per the Mutual Aid Agreements in the Crisis Manual.
5. The care team members will place MAR's and narcotic books on med carts and wheel to designated evacuation door for transportation via van.
6. A team member will gather the resident service notes and binders and place in van for transport. Team members can use the Housekeeping laundry carts located in the commercial laundry room.
7. Once residents are safely transported, or as soon as possible, Resident Care Director or designee will phone emergency contacts of all resident to inform them of the evacuation and provide new contact information.
8. The Executive Chef will inform Sysco Foods of the evacuation. Executive Chef or designee will follow the menu for food and water as outlined in Crisis Manual.

AZ Hiring New Team Members (803.C.1.a)

..... Revised 05/01/2018 Reviewed 05/01/2018

Policy Purpose

To establish a procedure to follow when hiring new team members.

Definitions

Date of Hire

First day on the job

Guidelines

All potential team members (applicants) are to be given an Application to review and complete.

1. After completing the application, the Business Office Manager (BOM) or Department Manager will review the application to help ensure the applicant meets the position required skills, knowledge, education and experience as indicated on the position specific Merrill Gardens Job Description.

The following are used to determine qualifications suitable for the position:

- Checking references of recent past employers to verify experience
 - Verifying a current unencumbered professional license
 - Review of training certificates to help ensure AZ Caregiver Certification meets requirements
 - Reviewing documentation of clear valid AZ fingerprint check
 - Reviewing Adult CPR & First Aid cards for issuing agency and expiration
2. The Hiring Manager or Designee will then contact the applicant for an interview.
 3. The Interview will be conducted using Merrill Gardens resources.
 4. The hiring manager will then determine whether they will make a verbal offer of employment.
 5. Once a verbal offer had been made, the background check and drug screen will be conducted.
 6. Once the background and drug screen have been completed, the Department Manager or BOM will make the job offer and schedule a time to come in to complete new hire paperwork.
 7. The new hire paperwork and written job offer will be given to the applicant and explained to them by the BOM.
 8. All identification will be verified at this time and the I-9 completed and signed.
 9. The BOM will go over the paperwork carefully before the applicant leaves the building location to make sure all areas have been completed.
 10. The BOM will add the new hire to Kronos and issue a time card.

Depending on what department the team member is being hired into they will need to see the hiring manager for uniform and schedules.

AZ Pre and Post Transport Evaluation

Revised 05/01/2018

Reviewed 05/01/2018

Policy Purpose

Policy and procedure regarding evaluation residents pre and post transport to a health care institution.

Guidelines

The Community will conduct an evaluation of each resident pre and post transport to a health care institution.

1. The Community will coordinate the transport of residents to health care institutions.
2. A Caregiver will complete an evaluation of the resident before and after transport to a health care institution that has been pre-arranged by the Community utilizing the *Pre-Transport Evaluation* and the *Post-Transport Evaluation* forms respectively.
3. Appropriate information from the resident's chart will be provided to the receiving health care institution.
4. The Caregiver will explain the risks and benefits of the transfer to the resident or their representative.

AZ Quality Management Program

..... Revised 05/01/2018 Reviewed 05/01/2018

Policy Purpose

Pursuant to R9-10-804 and R9-10-101 (17), (120). Merrill Gardens has planned, established and implemented a quality management program.

Guidelines

Incident Reporting and Opioid Tracking

1. Team members will use the *Resident Incident Report* form to identify, document, and evaluate incidents;
2. The care director will collect and review the incident report information; evaluate services, provide follow up and input the data into the Electronic Health Record (EHR) System.
3. The care director will use the Opioid Tracking Tool to record information.
4. At the conclusion of each month the General Manager will access, print and review the Resident Incident Log and Incident Form Summary reports in EHR.
5. Each month the General Manager will conduct a Safety Committee meeting to:
 - review and discuss the resident incident reports
 - review the Opioid Tracking Tool
 - track and evaluate any trends in the data,
 - identify any concerns about the delivery of services and
 - make changes or take action as a result of the identification of concern
6. The General Manager will file the Resident Incident Log, Incident Form Summary and Opioid Tracking Tool reports in the Quality Assurance binder each month and send to the Vice President of Operations and the Vice President of Resident Care.

The reports and the supporting documentation for the report will be maintained for at least 12 months after the date the report is submitted to the governing authority.

Comprehensive Quality Audit

1. The Regional Director of Health Services will conduct a comprehensive onsite quality audit two times a year. Recommendations for improvement will be identified.
2. The report will be forwarded to the Vice President of Operations and Vice President of Resident Care.
3. The General Manager and care director will complete the Health Services Action Plan and Correction Summary for any identified recommendations.

The reports and the supporting documentation for the report will be maintained for at least 12 months after the date the report is submitted to the governing authority. This program will be evaluated annually and revised as needed.

AZ Resident Safety Reporting and Non-Retaliation

..... Revised 05/01/2018 Reviewed 05/01/2018

Policy Purpose

It is the policy of Merrill Gardens not to retaliate against anyone making a good faith report. Health care professionals will report without fear of retaliatory action to the General Manager any policy or practice concerns that the health care professional believes violates professional standards or is against the law; or poses a substantial risk to the health and safety or welfare of a resident. In addition, reasonable measures will be taken to maintain confidentiality of the health care professional. Nothing in this policy prohibits or precludes any health care professional from any reporting required by their practice act or other applicable policies or laws.

Definitions

Reference: Senate Bill 1178, Article 11. Patient Safety reporting and Non-retaliatory Policies

Guidelines

- Good faith reporting of policy or practice concerns will be done immediately by the health care professional without fear of retaliatory action.
- Reporting will be initiated via an incident report submitted to the General Manager.
- The General Manager will confidentially review the report with the reporting health care professional and will thoroughly investigate the concerns reported.
- Measures will be taken to maintain the confidentiality of the health care professional providing information to the manager in relation to policy/practice concerns. Measures to preserve confidentiality will include, but are not limited to:
 - All reporting will be excluded from the personnel file of the reporting health care professional.
 - All reporting will be confidentially made protecting the identity of the reporting health care professional, as well as the identity and confidential information of any resident named in such report, when disclosure is not required for the purposes described above.
- The General Manager will confidentially submit the report and any pertinent findings of his/her investigation to the appropriate entities such as, but no limited to, a private health care accreditation organization, governmental entity or local authority.

- The General Manager will take immediate and appropriate actions to correct policies or practices that violate professional standards or are against the law; or pose a substantial risk to the health, safety or welfare of a resident.
- The health care professional, after providing the manager a reasonable opportunity to address the report, may submit a report to a private health care accreditation organization or governmental entity concerning the activity, policy or practice. The health care professional does so without fear of retaliatory action by the manager or any of its employees or volunteers.
- The General Manager will make a good faith effort to prevent retaliatory action toward the reporting health care professional; although this does not prohibit the General Manager from taking action against the health care professional for a reason not related to filing the report.
- Any team member who feels they may have been retaliated against, should contact the Merrill Gardens Employee Hotline for assistance: toll free (1-866-605-6999).

AZ Vaccinations

Revised 05/01/2018 Reviewed 05/01/2018

Policy Purpose

Merrill Gardens communities will make flu and pneumonia vaccinations available to our residents per A.R.S. 36-406 (1)(d).

Guidelines

Annual Clinics

- The community will host an annual clinic to make flu and pneumonia vaccinations available to our residents.
- The clinic will be held in the Fall and residents notified in advance of the date, so residents can locate any needed insurance cards or other information.
- Residents may also obtain flu and pneumonia vaccination from their health care provider. The community will assist with making appointments and or transportation arrangements if needed. The cost is to be borne by the resident.

Refusal of Immunization

Residents will be encouraged to obtain flu and pneumonia vaccination. Residents have the right to refuse immunizations. Refusal will be documented in the resident chart.

AZ-Vaccine Acknowledgement

Resident Name:

Apt. Number:

The Arizona Department of Health Services requires that the community offers the Pneumococcal Vaccine and Flu Vaccine annually to our residents.

This requires an order from your doctor that which we have obtained, however, this does not mean that you must have the vaccine.

YOU HAVE THE RIGHT TO ACCEPT OR DECLINE THE VACCINE

Please indicate your choices below:

☐ Yes, I want the Pneumococcal Vaccine

☐ No, I do not want the Pneumococcal Vaccine

☐ I have already had the vaccine on ____/____/____

☐ Yes, I want the Flu Vaccine

☐ No, I do not want the Flu Vaccine

☐ I have already had the vaccine on ____/____/____

I have been informed of the benefits of receiving the pneumonia vaccine and the risks of declining and do understand. I have also been informed of the benefits of receiving the flu vaccine and the risks of declining and do understand.
