INSTRUCTIONS TO LICENSED HEALTH CARE PROVIDERS.

After completion of all items in Sections 1 and 2 (pages 1 – 4), return this form to the facility at the address indicated above.

SECTION 1. Health Assessment

NOTE: This section must be completed by a licensed health care provider and must include a face-to-face examination and interview with the resident.

Known Allergies:	Height:	Weight:
Medical History and Diagnoses:		
Physical or Sensory Limitations:		
Cognitive or Behavioral Status:		
Nursing/Treatment/Therapy Service Requirements:		
Special Precautions:	Elopement Risk: Yes: ☐ No: ☐	

To Be Completed By Facility:

Resident Name:	DOB:
Authorized Representative (if applicable):	

SECTION 1. Health Assessment (continued)

NOTE: This section must be completed by a licensed health care provider and must include a face-to-face examination and interview with the resident.

A. To what extent does the individual need supervision or assistance with the following?

Key	I = Independent	S = Needs Supervision	A = Needs Assistance	T = Total Care
-----	-----------------	-----------------------	----------------------	----------------

Indicate by a checkmark (✓) in the appropriate column below, the extent to which the individual is able to perform each of the activities of daily living. If "Needs Supervision" or "Needs Assistance" is indicated, explain the extent and type of supervision or assistance needed in the comments column.

ACTIVITIES OF DAILY LIVING	I	S	A	T	COMMENTS
Ambulation					
Bathing					
Dressing					
Eating					
Self Care (grooming)					
Toileting					
Transferring					

B. Special Diet Instructions:

Regular ☐ Calorie Controlled ☐ No Added Salt ☐ Low Fat/Low Cholesterol ☐
 Other (specify, including consistency changes such as puree): _____

C. Does the individual have any of the following conditions/requirements? If yes, please include an explanation in the comments column.

STATUS	Yes/No	COMMENTS
A communicable disease, which could be transmitted to other residents or staff?		
Bedridden?		
Any stage 2, 3 or 4 pressure sores?		
Pose a danger to self or others? (Consider any significant history of physically or sexually aggressive behavior.)		
Require 24-hour nursing or psychiatric care?		

D. In your professional opinion, can this individual's needs be met in an assisted living facility, which is not a medical, nursing or psychiatric facility? Yes ☐ No ☐

Comments (use additional paper if necessary): _____

To Be Completed By Facility:

Resident Name:	DOB:
Authorized Representative (if applicable):	

SECTION 2-A. Self-Care and General Oversight Assessment

NOTE: This section must be completed by a licensed health care provider and must include a face-to-face examination and interview with the resident.

A. Ability to Perform Self-Care Tasks:

Key	I = Independent	S = Needs Supervision	A = Needs Assistance
-----	-----------------	-----------------------	----------------------

Indicate by a checkmark (✓) in the appropriate column below, the extent to which the individual is able to perform each of the listed self-care tasks. If "Needs Supervision" or "Needs Assistance" is indicated, explain the extent and type of supervision or assistance necessary in the comments column.

TASKS	I	S	A	COMMENTS
Preparing Meals				
Shopping				
Making Phone Calls				
Handling Personal Affairs				
Handling Financial Affairs				
Other				

B. General Oversight:

Key	I = Independent	W = Weekly	D = Daily	O = Other
-----	-----------------	------------	-----------	-----------

Indicate by a checkmark (✓) in the appropriate column below, the extent to which the individual needs general oversight. If other, explain in the comments column.

TASKS	I	W	D	O	COMMENTS
Observing Wellbeing					
Observing Whereabouts					
Reminders for Important Tasks					
Other

FL-Informed Consent

Assistance with Self-Administration of Medications

Sections 429.256, and 58A-5.0185 Florida Statutes and Rules, authorize an unlicensed person to assist with the self-administration of medication following completion of medication assistance training by a licensed registered nurse, licensed pharmacist or physician. This form authorizes self-medication assistance by a trained unlicensed person employed by or contracted with the Community. Self-administered medications may include both legend and over the counter oral dosages, topicals, topical ophthalmic, otic and nasal dosage forms including solutions, suspensions, sprays, insulin pens and inhalers. Trained unlicensed persons may also assist with blood glucose testing, oxygen nasal cannulas excluding titration of oxygen level, antiembolism stockings and hosiery, placement and removal of colostomy bags excluding removal of the flange, and measurement of blood pressure, heart rate, temperature and respiratory rate.

Resident Name:

I, _____, as the above-named resident or resident's
(Printed name of resident or representative)

legal representative provide my consent to have an unlicensed person employed by or contracted with the Community assist with self-administration medications prescribed for me by my professional health care provider.

**FL Assistance with Self-Administration of Medication by Unlicensed
Caregivers Revised 05/16/2018 Reviewed 05/16/2018**

Policy Purpose

This community may use trained unlicensed Caregivers to assist with self-administration of medications for residents receiving services at this community.

Definitions

Legally Authorized Representative

Surrogate, Guardian, or Attorney in fact. The person legally authorized to act on behalf of the resident with respect to providing consent to medical treatment or procedures not prohibited by law which may be suggested, recommended or prescribed by a licensed physician or as otherwise authorized by law.

Unlicensed Caregiver

An individual not currently licensed to practice nursing or medicine who is employed by or under contract to the Community and who has received training with respect to assisting with the self-administration of medication in an assisted living facility as provided under s. 429.52 prior to providing such assistance.

Written Informed Consent

The document signed by the resident or the person legally authorized to act on behalf of the resident that authorizes an unlicensed caregiver to assist the resident with self-administration of medications.

Guidelines

Residents who are capable of self-administering their own medications without assistance shall be encouraged and allowed to do so. However, an unlicensed caregiver may, consistent with a dispensed prescription's label or the package directions of an over-the-counter medication, assist a resident whose condition is medically stable with the self-administration of routine, regularly scheduled medications that are intended to be self-administered. Assistance with self-medication by an unlicensed Caregiver may occur only upon a documented request by, and the written informed consent of, a resident or the resident's surrogate, guardian, or attorney in fact. Self-administered medications include both legend and over-the-counter oral dosage forms, topical dosage forms and topical ophthalmic, otic, and nasal dosage forms including solutions, suspensions, sprays, and inhalers.

Notification Process

Residents and their legal representatives as applicable will be notified that trained unlicensed Caregivers are utilized by the community to assist with the self-administration of medications.

Residents and/or their legal representatives requesting services will be informed of the use of unlicensed Caregivers for self-administration of medications at the time the Resident Agreement is reviewed before signing.

Informed Consent

The resident and/or their legally authorized representative, as appropriate, will sign a written informed consent authorizing the use of unlicensed Caregivers for assistance with Self-administration of medication for the resident prior to the provision of those services by an unlicensed Caregiver. In the event the informed consent is signed by an authorized legal representative, the relationship to the resident must be clearly identified on the informed consent form.

Assistance with Self-Administration of Medication

The trained unlicensed Caregiver may perform the following activities:

- a. Taking the medication, in its previously dispensed, properly labeled container, including an insulin syringe that is prefilled with the proper dosage by a pharmacist and an insulin pen that is prefilled by the manufacturer, from where it is stored, and bringing it to the resident.
- b. In the presence of the resident, reading the label, opening the container, removing a prescribed amount of medication from the container, and closing the container.
- c. Placing an oral dosage in the resident's hand or placing the dosage in another container and helping the resident by lifting the container to his or her mouth.
- d. Applying topical medications.
- e. Returning the medication container to proper storage.
- f. Keeping a record of when a resident receives assistance with self-administration under this section.
- g. Assisting with the use of a nebulizer, including removing the cap of a nebulizer, opening the unit dose of nebulizer solution, and pouring the prescribed premeasured dose of medication into the dispensing cup of the nebulizer.
- h. Using a glucometer to perform blood-glucose level checks.
- i. Assisting with putting on and taking off antiembolism stockings.
- j. Assisting with applying and removing an oxygen cannula but not with titrating the prescribed oxygen settings.
- k. Assisting with the use of a continuous positive airway pressure device but not with titrating the prescribed setting of the device.
- l. Assisting with measuring vital signs.
- m. Assisting with colostomy bags excluding removal of the flange or manipulation of the stoma site.
- n. Assisting with insulin pens by dialing the prescribed amount to be injected and handing the pen to the resident for self-injection. Only insulin syringes with the proper dosage by a pharmacist or manufacturer may be used.
- o. Measurement of blood pressure, heart rate, temperature and respiratory rate.

Prohibited Activities

Assistance with self-administration does not include:

- a. Mixing, compounding, converting, or calculating medication doses, except for measuring a prescribed amount of liquid medication or breaking a scored tablet or crushing a tablet as prescribed.

- b. The preparation of syringes for injection or the administration of medications by any injectable route.
- c. Administration of medications by way of a tube inserted in a cavity of the body.
- d. Administration of parenteral preparations.
- e. Irrigations or debriding agents used in the treatment of a skin condition.
- f. Rectal, urethral, or vaginal preparations.
- g. Medications ordered by the physician or health care professional with prescriptive authority to be given "as needed," unless the order is written with specific parameters that preclude independent judgment on the part of the unlicensed person, and at the request of a competent resident.
- h. Medications for which the time of administration, the amount, the strength of dosage, the method of administration, or the reason for administration requires judgment or discretion on the part of the unlicensed person.

Training Requirements for Unlicensed Caregivers Who Assist with Medications

Unlicensed Caregivers must complete the six-hour initial training provided by a registered nurse, licensed pharmacist or AHCA department staff prior to assisting a resident with self-administration of medications. Training must cover state law and rule requirements and must include demonstrations of proper techniques, including techniques for infection control.

Following successful completion of initial training, the unlicensed caregiver must obtain, annually, a minimum of two hours continuing education training on providing assistance with self-administered medications and safe medication practices in an assisted living facility. The two hours of continuing education training shall only be provided by a licensed registered nurse, or a licensed pharmacist.
